

The Hon. Anthony Roberts MP

Minister for Fair Trading

Member for Lane Cove

Dear Anthony,

Please support our NSW Health Minister, Jillian Skinner MP, to establish a nationally funded service for peritonectomy surgery. This will stop cancer patients, like Stacey Jaundrell, Maddy Schacht and Jane Simpson, having their lives put at risk because they are being made to wait far beyond clinically recommended times for this life saving surgery.

Stacey Jaundrell's situation has been reported on:

ABC News <http://www.abc.net.au/news/2013-11-06/cancer-patient-pleads-for-wait-list-reduction/5074892?section=qld>

and

Online petitions are circulating for Stacey Jaundrell, a mother of 5 children, and Maddy Schacht, a mother of 4 children.

Our NSW Health Minister, Jillian Skinner MP, informed you in a letter of the 12 August 2013 that she had started the ball rolling by directing the NSW Ministry of Health to investigate the establishment of a nationally funded service for peritonectomy surgery.

Please let me know as soon as possible when you are able to present to the NSW Parliament 10,000 original signatures on the Lives at Risk Petition so that a date can be obtained for a discussion about the life threatening delays for cancer patients waiting for peritonectomy surgery.

Thank you for your ongoing assistance.
